Directions: **Generalizing** Use the diagram below to write three important facts about political events in South Africa during the past 100 years. Then, in the larger box, write a generalization that you can draw from those facts.

The graphic organizer consists of a large rectangular box on the left side, which is connected by three lines to three smaller rectangular boxes stacked vertically on the right side. This structure is designed for students to write three facts in the smaller boxes and a generalization in the larger box.
